

BERLIN GARDENS

TAKE LIFE OUTDOORS®

STRUCTURES COLLECTION 2026

SINCE 1988 | MADE IN THE USA

LIVING OUR VALUES.

At Berlin Gardens, our first goal is to bring honor and glory to our creator, God, in everything we do. We do this by manufacturing the highest quality products, delivering our products on time and going beyond your expectations with our customer service.

All of this starts by living by our Core Values of honesty, efficiency, attitude, respect and trust. We not only say this, but we believe it. We hope our products help you *take life outdoors®* .

— The Yoder Family

We invite you to lay back and enjoy the best of each season. Whether a slow, hot summer day or a cool, crisp fall evening, our distinctive collections allow you to celebrate life outdoors with family and friends. Each line provides flexibility that express your lifestyle in creating memorable and effortless outdoor spaces.

Classic, carefree vinyl

Durable and beautiful, vinyl requires very little attention. Regular cleaning with a mild dish detergent or similar product is normally all that's needed to keep your structure looking its best.

- Contains 50% recycled material
- Won't crack, fade or chalk
- Easy to assemble — or we'll assemble where available
- 10 year limited warranty
- Made in the U.S.A.

Natural, beautiful wood

Clear-grade, treated lumber helps protect your structure from the elements. Our structures are made from hand-selected Southern Yellow Pine.

- Pressure-treated to resist decay
- Air-dried after treatment for enhanced durability
- Milled to exact specifications
- Use in-person samples for an accurate color
- All wood posts are laminated to limit warping; laminations are visible
- Manufactured in kit form
- Harvested in the U.S.A.
- Available in rough sawn, cedar, doug fir, and white pine non-treated timbers.
- 5 - 10 year limited warranty depending on the structure.

Innovative Cellular PVC

Engineered to endure, Azek Cellular PVC has a wood-like appearance and feel, but without the maintenance. Regular cleaning with a mild dish detergent or similar product is normally all that's needed to keep your structure looking its best.

- Contains 60% recycled content
- Won't rot, split, or warp
- Paintability allows for broad color selections
- Easy to assemble — or we'll assemble where available
- 10 year limited warranty
- Made in the U.S.A.

Protect your investment

Like all lumber products exposed to the elements, your wooden structure will weather over time. Eventually, you will notice splits, cracks or checks — separations in the wood caused by changes in moisture content. This is perfectly natural. In fact, many feel it adds to the character of a structure.

So let nature do its work.

To keep your structure looking beautiful for years to come, just use the provided stain to protect exposed wood in new cracks and splits.

Design an A-Frame Pavilion in 7 easy steps:

1

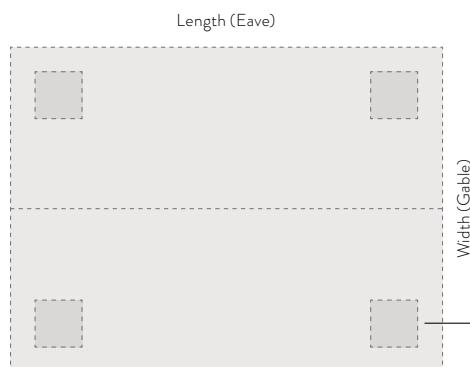

Choose a style and size.

Things to consider:

- How much space do you have available?
- Berlin Gardens pavilions are available in many sizes.
- Measure your available space keeping in mind both post and roof dimensions (roof extends 11" past post positions).

A-Frame Sizes:
